Teaching is both an art and a science. William Butler Yeats said, "Education is not the filling of the pail, but the lighting of the fire" ("Famous Quotes", 1998-2010). I believe education is both the lighting of the flame and the filling of the pail. The art of education lights the fire. Students learn best the things they love.

*Reflection Paper on Becoming a Teacher | Education 2.0*

Learning in the field of education comes from colleagues, students, reflection on one's practices and the advice and observation of other's in the profession (Garmston, 1998). One valuable tool that teacher's have to rely on are the numerous professional organizations catered to the field of education.

Final Reflective Essay on Teaching and Learning. Upon completion of my four months of student teaching I have grown both as an educator and an individual. Student teaching has fanned the fire of my passion for being a teacher and been a light onto the path of how to become the best I can be. Reflecting on each experience, the successful and the not so successful, has encouraged me to continue to persevere and grow from these challenges.

*Final Reflective Essay on Teaching and Learning*

Reflection of Experience Introduction This paper is my personal reflection on teaching and learning that is based on a model developed by Schön; reflection-in-action and reflection-on-action. An action based on reflection is beneficial for the progression of my career as a nursing educator and for the quality of my teaching.

*My Practice Teaching Experience Essay - 901 Words | Bartleby*

Reflecting about this as a student teacher, I think it is a good idea to be teaching in the first week instead of observing for the initial period of the student teaching internship. I don't think it is a 'sink or swim' scenario, but it is a good idea to get into teaching directly with the kids and enables the student teacher to interact as soon as possible with the kids.
